

AMRENDRA NATH

+91-9582469255 | Kanpur, Uttar Pradesh, India | <https://www.linkedin.com/in/amrendranath/amrendrasrivastava26@gmail.com>

Innovative Front-End Engineer with over 7+ years of experience developing high-quality, scalable web applications. Adept at solving complex problems through elegant, performance-driven code. Expertise in HTML, CSS, JavaScript, and React, with a strong focus on accessibility, maintainability, and cross-browser compatibility. Passionate about creating seamless user experiences and committed to continuous learning and development.

PROFESSIONAL EXPERIENCE

GENPACT

Noida, India

Lead Consultant

13-October 2022 – Present

- Developed large-scale modular applications with advanced knowledge of React, Typescript, Material UI, JavaScript, and React Testing Library.
- Transformed Figma/Zeplin designs into responsive, pixel-perfect user interfaces.
- Mentored junior developers and conducted code reviews to maintain high standards of code quality.
- Collaborated with cross-functional teams to deliver enhancements and new features in a Scrum environment.
- Reduced API development wait time from 24 hours to 4 hours by implementing MSW for API mocking.

SKUAD

Gurugram, India (Remote)

Software Engineer – Frontend

08 August 2022 – 12 October 2022

- Spearheaded the development of custom UI components in React, ensuring the delivery of high-performance web applications.
- Enhanced website features, optimizing for performance and user experience.
- Ensured robust front-end components using React Testing Library and Jest.
- Collaborated closely with cross-functional teams, including product managers and back-end developers, to ensure seamless feature integration.
- Contributed to the successful delivery of a major feature that increased user engagement by 25%.

ZENIUS

Gurugram, India (Remote)

Software Engineer – Frontend

18 January 2021– 07 August 2022

- Crafted reusable React components, optimizing application architecture for scalability and efficiency.
- Successfully translated Figma/Zeplin designs into functional, accessible components, contributing to the visual and functional excellence of the user interface.
- Played a key role in debugging and resolving complex issues, significantly improving application performance.
- Debugged and resolved complex issues, improving application performance by 50%.
- Collaborated with team members to refine workflows, reducing project delivery time by 20%.
- Implemented scalable front-end solutions to handle increasing user traffic efficiently.

KISAN NETWORK
Frontend Developer

Gurugram, India
21 January 2019 – 16 January 2021

- Led the creation of responsive user interfaces using ReactJS, elevating user experience and increasing session duration by 30%.
- Collaborated on back-end API development using NodeJS and TypeScript, ensuring smooth data flow and integration.
- Designed and implemented front-end features that enhanced product usability, resulting in a 20% increase in customer satisfaction.
- Developed comprehensive test cases for APIs, ensuring reliability and security.

PERENNIAL LIFESCIENCES PVT. LTD.
PHP Developer

Delhi, India
12 January 2017 – 20 January 2019

- Designed and developed captivating landing pages, increasing user engagement and conversion rates by 15%.
